

Surveying the SCOPE Newcomers 2018 in Miami Beach

Emmanuelle Grelier Contemporary Art (Booth A17) presents a thoughtfully curated exhibition of paintings and works on paper by artists **Beatriz Guzman, Catena, Gigi Mills, Hormazd Narielwalla, Gail Postal** and **Luiz D'Orey**. Each artist, explains Emmanuelle Grelier, tells a story of humanity and timelessness. Each work offers hope and understanding in a world that is chaotic and uncertain.

Oil artist, Gigi Mills shadowy silhouettes blend into the natural landscape and subtle layers give texture and depth to what appears first to be flat and geometric. Mills' world is an imaginary one, but yet a beautiful place to escape for a while and dream.
